Clean Start Up to Test Background apps are Interfacing with Mac or Not

Published on May 27, 2015

In this article, I have explained the technique to start Mac with only the required driver & programs so that you can check whether the background application are interfacing with MS Office. This technique is known as Clean Startup.

Prerequisites

You must have administrative rights to perform the steps mentioned in this article.

Step 1: At first Start up your System with Safe Boot
